Effective Date: July 1, 2026
Salesforce Reference: 006VLT002

PARTIES

This Addendum is entered into by and between Veltrix Cloud Inc., a Delaware corporation ("Veltrix"), and Cobalt Systems Ltd, an Ontario corporation ("Customer").

BACKGROUND

Customer's usage has grown significantly over the past two quarters. The Parties agree to adjust the overage rate to reflect updated infrastructure pricing and Customer's expanded footprint on the Veltrix platform.

SECTION 1 - RATE SCHEDULE AMENDMENT

Section 1.1 - Updated Overage Rate

Effective July 1, 2026, Customer's quarterly overage rate is updated from 1.25x to 1.35x (one and thirty-five hundredths times the per-unit rate). This updated rate applies to any actual quarterly usage in excess of Customer's committed quarterly minimum, beginning with Q3 FY2026.

Section 1.2 - Committed Quarterly Minimum

Customer's committed quarterly minimum of \$4,800.00 remains unchanged.

Section 1.3 - Applicability

For the avoidance of doubt, the updated rate of 1.35x applies to billing periods commencing on or after July 1, 2026. All prior billing periods remain subject to the rate schedule in effect at the time of the applicable quarter.

SECTION 2 - GENERAL PROVISIONS

All other terms and conditions of the Master Subscription Agreement remain in full force and effect. This Addendum is incorporated into and made part of the Agreement.
